**If You Become Trapped**

**In your home:**
- Stay inside until the fire passes
- Close all windows
- Keep all doors closed, but unlocked
- Keep your family together and remain calm
- Remember, if it gets hot inside your house, it will be much hotter outside

**In your car:**
- Park away from vegetation
- Roll up windows
- Cover mouth with dry cloth to protect airway
- Cover yourself with a blanket or jacket
- If the vehicle catches on fire, exit after the wildfire has passed

**On foot:**
- Find an area away from vegetation
- Lie face down
- Cover mouth with dry cloth to protect airway

**Temporary Refuge Areas**

A gathering for residents in close proximity

Use if evacuation routes are obstructed by smoke, incoming emergency equipment, or directly threatened by fire

If not accessible, use the following as a last resort: behind a retaining wall, inside a structure, a large lawn, city park or parking area, or the cab of a vehicle

---

**Return to Your Home**

When evacuations are requested or ordered, quickly leave the area and make room for responding emergency equipment

Fire engines, ambulances, and law enforcement need room to move

**After the Fire Passes**

* Check the roof and exterior of your home, extinguish all sparks and embers
* Check your attic for hidden embers
* Check your yard for burning wood piles, trees, fence posts and other materials
